Polypropylene and PVDF

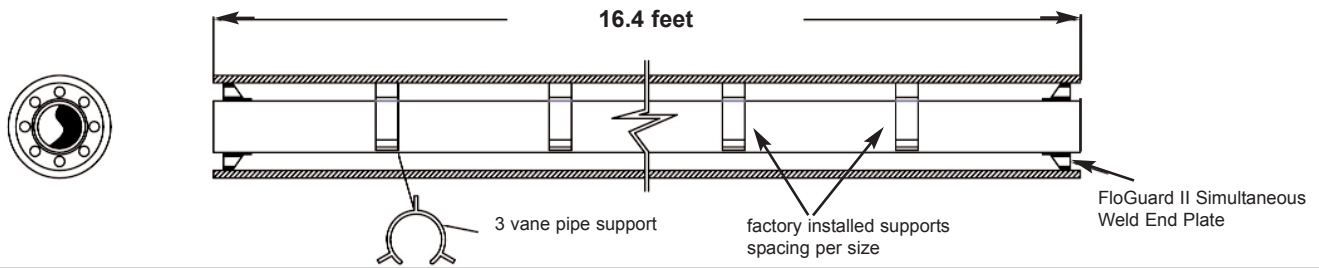

PolyStar™ Polypropylene Prices

Flo Safe offers a complete range of FloGuard™ II electrofusion double containment pipe and fittings in pressure and drainage patterns. This price list contains prices for all of our “standard” FloGuard II pipe, fittings and accessories. Dimensional information for these standard items can be found in our separate double containment dimensional catalog. In special cases where the standard dimensions need to be factory modified, Flo Safe can manufacture special factory fabrications or add extensions to fittings. Pricing for special factory modified fittings are shown below. In the fabrication price table page 11, a component can be either a double containment fitting or pipe section. A two component assembly includes one factory joint, a three component assembly involves two factory joints, etc. All factory joints (inner and outer) are pre-tested and inspected prior to packaging and shipping. Special packaging and shipping charges may apply.

FloGuard II Simultaneous Weld Factory Pipe Length Detail

Note: FloGuard II TFT simultaneous weld end plates are factory joined to the carrier pipes. Three vane supports are tack welded into specified positions. Upon request, all parts may be shipped loose with un-cut pipes for field assembly-at no extra charge. Upon request, pull rope for leak detection cable can be pre-installed at the factory at an additional cost. Contact Flo Safe for cable pull rope pricing.

Pipe Lengths and Special Factory Fabrications

FloGuard II Simultaneous Weld Factory Pipe Length Detail

Note: FloGuard II TFT simultaneous weld end plates are factory joined to the carrier pipes. Three vane supports are tack welded into specified positions. Upon request, all parts may be shipped loose with un-cut pipes for field assembly-at no extra charge. Upon request, pull rope for leak detection cable can be pre-installed at the factory at an additional cost. Contact Flo Safe for cable pull rope pricing.

Factory Fitting Extension Detail

Note: Maximum Extension length is six feet
Pricing for extensions is listed on page 2 for Polypropylene and page 12 for PVDF.
